

WAREWAHSING UNIVERSAL DETERGENT

HYLINE HLB-20

CUSTOMER BENEFITS

- Highly effective, alkaline liquid detergent for glassware and bistro crockery
- Great cleaning power, removing even persistent colorant and tannin residue
- Odour-free
- Free of NTA and dyes

DOSAGE / APPLICATION

Water hardness °dH	g/l
up to 7 (soft)	1.0 – 2.5
7 – 21 (medium – hard)	2.0 – 3.0

From 3°dH, we recommend installing a water softener; for water containing large amounts of minerals, it is advisable to install a demineralisation system.

- Designed for commercial use only
- Not suitable for manual dosing
- Adhere to dosage instructions
- For best results, we recommend using HOBART rinse aid HLU-3000

COMPOSITION / INGREDIENTS

Phosphates, alkaline agents

PRODUCT SAFETY AND STORAGE INSTRUCTIONS

For hazard warnings and safety instructions, refer to the material safety data sheet.

Always store in original container. Protect against frost and heat. Protect against direct sunlight.
